PRIVACY INDICATOR LOCKS

Standard duty application

Avoid “Oops” moments with our single stall public restroom lock and lever combo. They have a clear In-use/Vacant Indicator, are left/right reversible and have easy surface mount installation. And since they are commercial grade, these locks will last. Available in several designer finishes to complement tastes and decor.

WHY BUY INDICATOR LOCKS

Our product is ideal for restrooms in corporate offices, public buildings, medical facilities, gyms, salons, spas, libraries, schools, cafes, restaurants, and more!

Privacy for those inside: Limit disturbances and avoid "Oops!" moments for you and your guests.

Clarity for those outside: Going to the bathroom shouldn't be a guessing game. The clear "VACANT" and "IN USE" indicator is visible, even 50 feet away!

Quality: Commercial grade means durability, a lock that'll last.

Safety: Emergency slot allows unlocking with a flat pin/key, just in case.

Versatility: Reversible handle lets you switch between left or right applications.

Simplicity: Quick and easy surface mount installation with just one screwdriver.

Design: Attractive finishes complement any door and décor.

Savings: All-in-one lever, lock and indicator means one product is all you need.

Confidence: Our Guarantee gives you peace of mind and purchase protection.
